QUALIFICATION

Shah and Anchor Kutchhi Engineering College (SAKEC), Mumbai <i>Bachelor of Engineering in Computer Engineering - University of Mumbai</i>	Mar 2019 – June 2023 CGPA: 9.27/10
Nirmal Junior College of Commerce and Science, Mumbai <i>Higher Secondary Examination - State Board of Maharashtra</i>	Apr 2017 – May 2019 Aggregate: 71.52%
Pawar Public School, Mumbai <i>Secondary School Examination - Indian Certificate of Secondary Education</i>	Mar 2016 – Apr 2017 Aggregate: 74.66%

TECHNICAL SKILLS

Proficient: Java, Python, HTML, CSS, JavaScript, Bootstrap, Angular, React, Spring Boot, Git
Familiar: C, C++, SQL, DSA, Django, PHP, MaterialUI, Typescript, Figma, Flutter, NLP, Machine Learning

PROFESSIONAL EXPERIENCE

Full Stack Intern - Blitzfa Ecommerce <ul style="list-style-type: none">Developing an open-market platform using React and Shopify for artists, creators as well as MSMEs to showcase their creativity and materialize it economically in the fashion and livelihood space.	Mar 2023 - Present
Full Stack Developer Intern - FossGen Technologies <ul style="list-style-type: none">Built 'Structured Demographic Data De-Duplication Portal' using Angular and Spring Boot, delivering an efficient and user-friendly platform for data upload, processing, visualization, and search.	Aug 2022 – Dec 2022
Software Engineering Trainee - Aspire Research Foundation <ul style="list-style-type: none">Developed an admin website using Angular, Spring Boot and NGRX for state management.Designed and implemented a role-based access control system that enabled administrators to manage user roles and permissions across different modules of the website, resulting in improved efficiency and enhanced user experience.	Sep 2021 – Feb 2022
Web Developer Intern - Shah and Anchor Kutchhi Engineering College <ul style="list-style-type: none">Built a gaming web application in HTML, CSS, JS, and PHP that promoted intuitive learning for students, through games such as crossword, jumbled word, etc, and enabled teachers to track performance metrics through graphs and charts.	Jun 2021 – Aug 2021
Software Engineer - Marketlync (USA) <ul style="list-style-type: none">Analysed product wireframes to develop components such as user profile, forms, feed using React, TypeScript, and Material-UI to enable client-admin interactionIntegrated existing static components with APIs using GraphQL making them interactive, and enabling CRUD operations	Nov 2020 – Apr 2021

PROJECTS

Summarizing Teams Meetings (STM) – Python, NLP <ul style="list-style-type: none">Developed a Python app that summarizes an online meeting, by taking either a recording or a transcript and generates a Minutes of the Meeting (MOM)
SMS Spam Detection – HTML, CSS, JS, Django, Machine Learning <ul style="list-style-type: none">Built a website that detects spam in an entered text message using Machine learning techniques such as Naïve Bayes and Support Vector Machines (SVM)
AlgoHub - React, Algorithms <ul style="list-style-type: none">Programmed a web sorting algorithm visualizer using React that helps understand the working of different algorithms

ACHIEVEMENTS AND RESPONSIBILITIES

Technical Head - Computer Society of India (CSI) SAKEC <ul style="list-style-type: none">Handle all the technical responsibilities of events happening in CSI SAKEC	Jul 2021 – Present
Finalist of Deep Blue Hackathon Season 7 - Mastek <ul style="list-style-type: none">Selected for the Finale after qualifying in the first two rounds	Dec 2021 - Apr 2022

PUBLICATIONS

A Comparative Study of Spam SMS Detection using various Supervised ML Algorithms - 7th International Symposium on Intelligent Informatics	Aug 2022
<ul style="list-style-type: none">DOI: 10.1007/978-981-19-8094-7	

EXTRA-CURRICULAR ACTIVITIES

- Successfully organized a Human Foosball event with my volunteers, which attracted 45+ participants.
- Served as a member of the Marketing team to get funding for the College fest
- Guitarist for SAKEC STUDIO, where I performed several songs live for more than 100 people.
- Volunteered for an event named NEON Cricket in SAKEC
